

Help Out on State Natural Areas

Beulah Bog Workday

Get outside and help remove some invasive plants from Beulah Bog SNA.

Join our stewardship partner, Kettle Moraine Land Trust, to hand-pull some herbaceous weeds and/or chemically treat some sumac that is encroaching on a savanna opening. We'll be working in an upland area, but if the day is hot, we can hike down to the boardwalk where the air is cooler (you might get your feet wet). Pack a lunch to eat afterwards. Kettle Moraine Land Trust hosts stewardship service days on the fourth Saturday of the month at locations throughout Walworth County, returning to Beulah Bog on November 23. No skills needed—you will be trained on site.

Date: July 27, 2019

Time: 9am-noon

Directions: From East Troy take Division St. north past Rte. 20 and turn left on St. Peters Road. Continue west half a mile to Stringers Bridge Road and turn right; the [parking lot](#) is 1.4 miles on the right.

What to wear: Dress for the weather and wear clothes that are OK to get beat up, long pants, long sleeves, gloves (we will have extra), sturdy footwear, safety glasses (we will have extra). If you'd like to follow the boardwalk, bring waterproof boots or be willing to get your feet wet; water may be ankle-deep.

What to bring: Loppers (optional)

Cancellation or rescheduling plan: In case of severe weather or other unforeseen circumstances, it may be necessary to cancel the workday. If in doubt, contact KMLT (greg@kmlandtrust.org or 262-949-7211) to verify.

Contact, RSVP info: Let us know to expect you! Contact Greg Rajskey at greg@kmlandtrust.org or 262-949-7211; if you're not able to let us know in advance you are still welcome to drop in.

Next workday: November 23 -- Cutting and piling brush at Beulah Bog SNA

Treating brush
